

## MANAGED SERVICES

Proper, ongoing care of your IT infrastructure mitigates your risk for lost productivity and profits due to downtime. Accounteks Consulting can proactively monitor your system remotely to maximize performance, optimize efficiency, and ensure continued productivity.

### Our Managed Services include:

- ▲ Remote Backup
- ▲ Anti-Spam
- ▲ Hosting (Web/Server/Email/Applications)
- ▲ Cloud Computing
- ▲ Disaster Recovery

### Protect your critical business data.

Accounteks Consulting offers secure off-site backup that still allows your data to be accessed anytime, from anywhere. Encryption protects your information and keeps it private. In the event of a disaster, our easy-to-manage data recovery solution restores files quickly and securely.

### Limit unnecessary network traffic and security threats, and prevent hacking into your network.

Accounteks offers hosted solutions for servers, email, applications, and websites that deliver the flexibility and security your business demands. We also offer a fully hosted IT solution including desktops, servers, applications, and email that provides businesses with all of the hardware and software they need to manage their operations and the flexibility to add resources as needed for a flat monthly fee.

### Prepare your business for the unexpected.

Prevent data loss by ensuring your applications, data, and hardware are being managed properly. We'll help you develop a business continuity plan to keep your business up and running in the event of a disaster, and can get your business back up and running if you've already experienced an unexpected issue.

## Right-Sized Solutions

Our solutions are always “right-sized” to fit the specific needs of our clients’ businesses, delivering the performance, reliability and peace-of-mind our customers depend on to manage their businesses.
