Accountteks Consulting provides a myriad of solutions to ensure our clients enjoy the peace-of-mind that comes with knowing their network is secure, their data is protected, and their physical assets are safe. Whether it's preventing viruses, protecting your network from hackers, guarding your data from outsiders, or monitoring for theft, Accountteks has the security solution for your business need.

Our Security Solutions include:

- ▲ **Anti-Virus/Malware**
- ▲ **Firewall**
- ▲ **Web Filtering**
- ▲ **Email Encryption**
- ▲ **Anti-Spam**
- ▲ **Security Gateway Interface**
- ▲ **Camera/Security Solutions**

Prevent unauthorized access and defend your network.

Accountteks Consulting's security offerings protect your technology assets from viruses, worms, spyware, malware, Trojan horse programs, spam, and hackers. We work with you to customize protocols that ensure your data can only be accessed by those permitted.

Mitigate risk and prevent theft.

Accountteks Consulting can install camera and security systems that can be monitored remotely via the Internet and accessed anytime, from anywhere, ensuring a prompt response in the event of a security breach, equipment malfunction, or other system failure.
